acornei@att.net

General Certificate of Compliance  
Required by Section 102 of the Consumer Product Safety Improvement Act  
And showing compliance with 16 CFR 1303 and CPSC-CH-E1008-08

Issue date: 18 March 2009

This certificate is issued by Acorn Entrepreneur Industries that owns and operates The Backyard Armory via the website [www.TheBackyardArmory.com](http://www.TheBackyardArmory.com)

Based on third-party, independent laboratory testing, we certify that all products manufactured by The Backyard Armory at their sole location in The Woodlands, Texas, USA after 4 Jan 2007 comply with 16 CFR 1303, specifically, lead content in the paint is significantly below 600 ppm.

The testing was completed on 14 Mar 2009 by:

Armstrong Forensic Laboratory  
330 Loch'n Green Trail  
Arlington, TX 76001  
(817) 275-2691 – office  
(817) 275-1883 – fax  
[www.AFLab.com](http://www.AFLab.com)

The test results are on file with Walter Jurek, Chief Operating Officer, Acorn Entrepreneur Industries.

In addition to the independent laboratory testing for lead content, Acorn Entrepreneur Industries has on file, written documentation from the manufacturers of all the materials used to manufacture the products available from The Backyard Armory showing that all of the materials meet the requirements of the Consumer Product Safety Improvement Act (CPSIA).
